

2017/2018 Delta Program Work Plan

DRAFT

Meaning: Expanded definition of the Strategic Plan Goal

Key Concepts: Actionable items reflected in the meaning

Goal: Ecologically and economically viable Yolo Bypass and Delta providing resilient flood protection

Meaning	Overarching Principles			
<p><i>Influence outcomes of local, regional, state and federal plans and projects; ensure the protection of multiple uses of the Delta and Bypass including flood protection, water supply reliability, sustainable agricultural operations, recreational opportunities, and ecosystem resilience.</i></p>	<p>Ensure continued local participation in regional, state, and federal efforts, including a defined role in governance and adaptive management. Ensure that adequate funding and protections are provided for long-term O&M</p>	<p>Reduce/mitigate for impacts to agricultural lands and the economy</p>	<p>Advocate, where appropriate, for integration of flood, water management, and habitat within projects consistent with the adopted Corridor Management Framework.</p>	<p>Coordinate with local partners and support compatible efforts to advance common goals. Ensure coordination and consistency with Yolo HCP/NCCP</p>
	2017-18 Priority Focus Areas		Measures/Key Indicators of Success	
	<p>A. Bypass Widening (Elkhorn, Westside, Fremont Weir)</p> <p>B. Levee Improvements (Cache Creek/Knights Landing)</p> <p>C. Advance Ag Sustainability Plan</p> <p>D. Small Communities Implementation</p> <p>E. BiOps</p> <p>F. CaWater Fix</p>		<p>A. ACE selection of LPP for Sac GRR</p> <p>B. ACE approval of SWIFs</p> <p>C. Development of Ag Sustainability Strategy (SAFCA Money)</p> <p>D. DWR approval of locally developed plans</p> <p>E. Ensure most efficient footprint, adequate protections for ag operations and local economy, and role in governance and adaptive management</p> <p>F. Participate in SWRCB hearings and other proceedings where appropriate</p>
